

ENVIRONMENTAL CHAMPION IN THE PLUMBING & HEATING INDUSTRY

Plumbase are committed to being the **leading Environmental Champion in the Plumbing & Heating Industry.**

We aim to increase our waste diversion rate from landfill to at least 80% and reduce our carbon footprint in line with **turnover by at least 3% each year**. Our 2019 progress as compared with 2018 is tracked by the following graphs:

CARBON FOOTPRINT BY MONTH

DIVERSION FROM LANDFILL RATES
